## EXECUTIVE ORDER

09-23

September 14, 2009

### SWINE FLU SUPPLEMENTAL EXECUTIVE ORDER

This Executive Order serves as a supplement to Executive Order 09-11, dated May 13, 2009 and entitled "Swine Flu." In paragraph 2 of that Order, I ordered the Director of the Department of Health and the Adjutant General, pursuant to my authority set forth in Chapter 15 of Title 30 of the Rhode Island General Laws, "to take relevant and necessary measures, in order to efficiently and effectively address the issues caused by [the] spread of and threat from the H1N1 virus." I hereby extend that order to include the Director of the Department of Administration. Furthermore, I order the Directors of the Department of Administration and Health, as well as the Adjutant General, to form a committee (hereinafter collectively referred to as the "Steering Committee"), to spearhead efforts and take relevant and necessary measures consistent with Executive Order 09-11. The Steering Committee will work, in part, with other state department directors and state agencies as deemed necessary to address the issues presented by the H1N1 virus. Department directors shall work with members of the Steering Committee when contemplating extraordinary operational, legal and other issues presented by the advent of the H1N1 virus.

So Ordered:

Donald L. Carcieri  
Governor

Dated: September 14, 2009
